NEW MEXICO IS 'OVER THE TOP'

Exceeds U.W.W. Quota; Country May Reach Goal by Tonight.

New York, Nov. 20.—Expectation of reaching the goal set for the united war work campaign, which ends at midnight tonight, by means of many "eleventh hour" subscriptions, was expressed at national headquarters here today, when cabled pledges from foreign countries added \$1,270,000 to the fund and brought the grand total to \$158,565,000.

Two More States Over. New Mexico—Rhode Island and New Mexico—which, through an error in tabulating, were placed among the laggards, were today announced as having gone "over the top," thus making 34 states in all that so far have exceeded their quotas. Exact returns by states were lacking up to noon.

The western and central states have all reached their goal and are striving to help swell the fund to the coveted \$200,000,000 instead of the \$170,000,000 first proposed.

The British admiralty has published the names of the commanders of the 110 German submarines which the British navy disposed of. Of these men 110 are dead, 21 prisoners, and one escaped to Germany. The dead include Capt. Lieut. Schaeffer, who sank the Lusitania, and Augustus, who fired up on his deck at survivors from the Douglas Prince and sank the ship, leaving the unfortunate crew to drown. Wager's boat was sunk a fortnight later with all hands.—From London.

We inspect the tires on the trucks of our customers and in many cases take measures to prolong the life of tires and, in the aggregate, to save thousands of dollars of owners' money.

Such inspection is made at
